PROFESSIONAL SUMMARY

Computer Science undergraduate and aspiring UI/UX Designer skilled in Figma, Canva, and DaVinci Resolve, with hands-on experience designing wireframes, prototypes, and user flows for 5+ digital products. Award-winning UI/UX competitor seeking a Software Engineering / UI-UX Design internship to apply user-centered design, usability principles, and front-end fundamentals.

EDUCATION

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad, Uttar Pradesh

B.Tech in Computer Science and Engineering | CGPA: 8.64/10.00 (First Year) | Expected Graduation: 2028

TECHNICAL SKILLS

Design Tools: Figma, Canva, DaVinci Resolve (Basic Video Editing)

UI/UX Skills: Wireframing, Prototyping, User Research, User Flow Design, Information Architecture, Design Thinking, Visual Design, Responsive Design, Usability Principles

Web Technologies: HTML, CSS (Basic)

PROJECTS

Social Media App Design

- Designed wireframes, user flows, and interactive prototypes for a social networking app, optimizing navigation.
- Applied user-centered design principles to streamline onboarding and content discovery across 6+ screens.

Food Delivery App

- Designed a responsive food delivery app interface with 12+ high-fidelity screens, improving accessibility.
- Mapped end-to-end user journeys from onboarding to order placement using interactive Figma prototypes.

Student Attendance App

- Designed a user-friendly attendance management interface, simplifying tracking for students and admins.
- Refined the design through 3 rounds of usability testing, improving information architecture and user flow.

Innvotech Brand Identity & Logo Design

- Created a complete brand identity system, including logo concepts and 5+ aligned visual assets.
- Applied visual design principles to maintain consistency across digital and print branding materials.

Custom Illustrations & Poster Design

- Designed 10+ digital illustrations and promotional posters in Canva using visual storytelling techniques.
- Produced brand-aligned visual assets that strengthened audience engagement and communication.

ACHIEVEMENTS

- Won 1st place in a UI/UX Workshop Project Competition, earning a certificate and cash prize for an innovative, user-centric design.
- Built and deployed a personal portfolio website via GitHub Pages, showcasing 5+ UI/UX projects and design process.

EXTRACURRICULAR ACTIVITIES

- National Cadet Corps (NCC) Cadet: developed leadership, teamwork, discipline, and time-management skills while balancing academics and extracurricular commitments.

Areas of Interest: UI/UX Design, Product Design, User Research, Interaction Design
